ELECTRICAL BACK BOX

1 & 2 MODULAR

- Material –Iron
- Model No –**JEBBM-101**
- Size –3” x 3”
- Usage –Electrical Back box
- Weight of Piece –210 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –60 piece
- Export Oriented cartoon packing

www.jindaramexports.com

ELECTRICAL BACK BOX

3 MODULAR

- Material –Iron
- Model No –**JEBBM-103**
- Size –4” x 3”
- Usage –Electrical Back box
- Weight of Piece –250 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –48 piece
- Export Oriented cartoon packing

ELECTRICAL BACK BOX

4 MODULAR

- Material –Iron
- Model No –**JEBBM-104**
- Size –5” x 3”
- Usage –Electrical Back box
- Weight of Piece –300 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –36 piece
- Export Oriented cartoon packing

ELECTRICAL BACK BOX

6 MODULAR

- Material –Iron
- Model No –**JEBBM-106**
- Size –8” x 3”
- Usage –Electrical Back box
- Weight of Piece –390 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –24 piece
- Export Oriented cartoon packing

ELECTRICAL BACK BOX

8 MODULAR

- Material –Iron
- Model No –**JEBBM-108** - Horizontal
- Size –9” x 3”
- Usage –Electrical Back box
- Weight of Piece –430 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –30 piece
- Export Oriented cartoon packing

www.jindaramexports.com

ELECTRICAL BACK BOX

8 MODULAR

- Material –Iron
- Model No –**JEBBM-108** Square
- Size –5” x 5”
- Usage –Electrical Back box
- Weight of Piece –450 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –30 piece
- Export Oriented cartoon packing

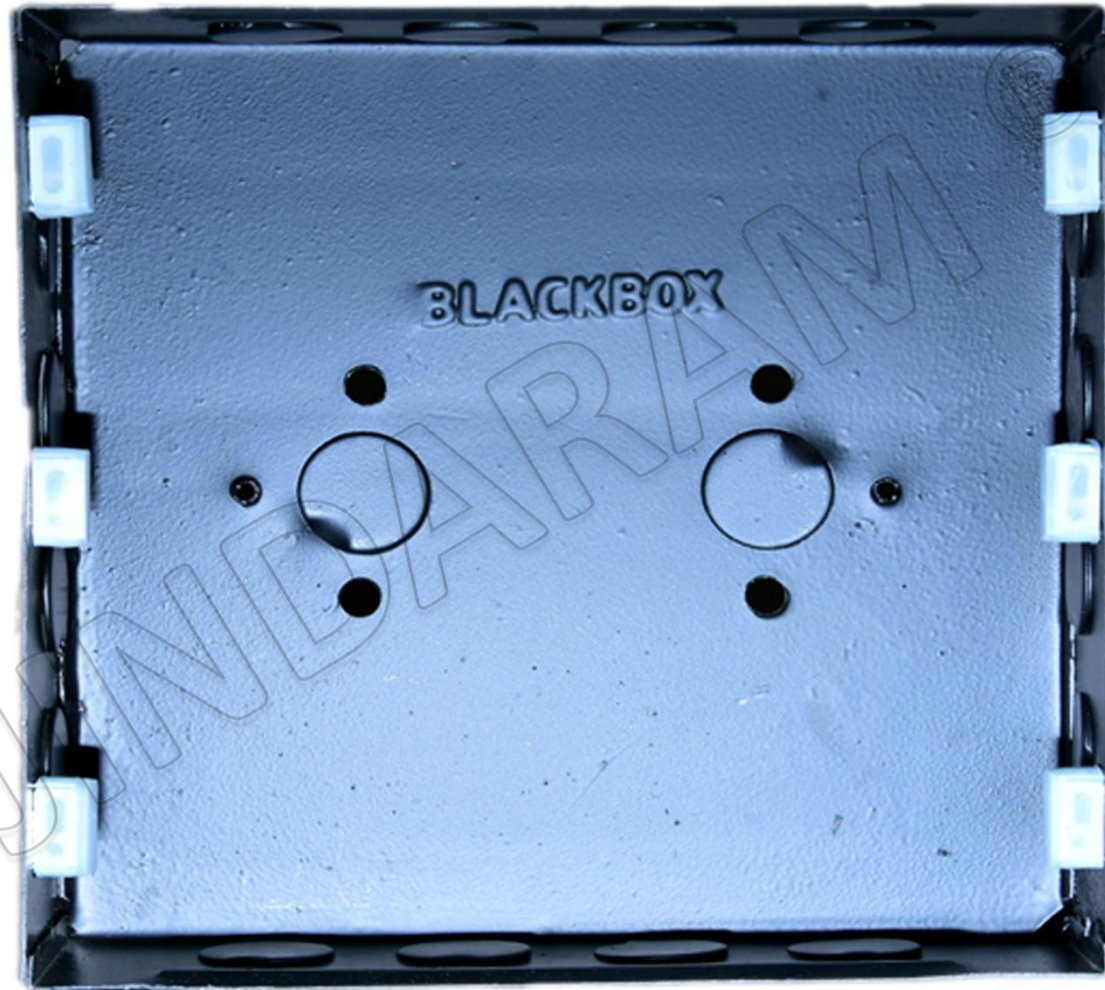

www.jindaramexports.com

ELECTRICAL BACK BOX

12 MODULAR

- Material –Iron
- Model No –**JEBBM-112**
- Size –8” x 6”
- Usage –Electrical Back box
- Weight of Piece –620 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –20 piece
- Export Oriented cartoon packing

www.jindaramexports.com

ELECTRICAL BACK BOX

18 MODULAR

- Material –Iron
- Model No –**JEBBM-118**
- Size –8” x 8”
- Usage –Electrical Back box
- Weight of Piece –800 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Earthing terminal to avoid short circuit
- Brass clamp for modular sheet installation
- Packing Standard –10 piece
- Export Oriented cartoon packing

ELECTRICAL FAN BOX

FAN BOX – 3" X 5.5"

- Material –Iron
- Model No –**JEBFB-101**
- Size –3" x 5.5"
- Usage –Electrical Fan box
- Weight of Piece –600 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1 mm , Rod –12 mm thickness
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –40 piece
- Export Oriented cartoon packing

ELECTRICAL FAN BOX

FAN BOX – 4" X 5.5"

- Material –Iron
- Model No –**JEBFB-102**
- Size –4" x 5.5"
- Usage –Electrical Fan box
- Weight of Piece –700 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –30 piece
- Export Oriented cartoon packing

SURFACE JUNCTION BOX

SURFACE JUNCTION BOX

- Material –Iron
- Model No –**JEJB**
- Size –25mm hole and 20mm hole
- Usage –Electrical wire junction
- Weight of Piece –80 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –24 Dozen
- Export Oriented cartoon packing

DEEP JUNCTION BOX

DEEP JUNCTION

- Material –Iron
- Model No –**JEDJB**
- Size –3” Height , 20 & 26 mm hole
- Usage –Deep Light
- Weight of Piece –170 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –80 piece
- Export Oriented cartoon packing

CEILING CONCEALED

3" CONCEALED BOX

- Material –Iron
- Model No –**JECB-3**"
- Size –4" x 4" x 3"
- Usage –Ceiling Light
- Weight of Piece –240 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –80 piece
- Export Oriented cartoon packing

www.jindaramexports.com

CEILING CONCEALED

4" CONCEALED BOX

- Material –Iron
- Model No –**JECEB-4**"
- Size –4" x 4" x 3"
- Usage –Electrical Back box
- Weight of Piece –300 grams
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1 mm
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –60 piece
- Export Oriented cartoon packing

GATE LIGHT STAND

MAIN GATE LIGHT STAND

- Material –Iron
- Model No –**JEGLS**
- Size –4” X 4” , 1 3/4” Top Pipe Diameter
- Usage –Main Gate Light Stand
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- C.R. Coil 1.2 mm
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –60 piece
- Export Oriented cartoon packing

CEILING FAN CLAMP

FAN CLAMP

- Material –Iron
- Model No –**JEFC**
- Size –Standard
- Usage –Ceiling fan rod clamp
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –100 piece
- Export Oriented cartoon packing

JINDARAM

CEILING FAN ROD

FAN ROD

- Material –Iron
- Model No –**JEFR**
- Size –12” –60” (3” + EACH VARIATION)
- Size –60” to 120” –on Order
- Usage –Hanging Fan
- 20 mm rod
- International Standard Size
- Custom size facility
- Custom logo facility –Laser
- Single punch knock out for easy installation
- Powder coating with Matt black
- Black / white / silver / blue / grey / yellow / turquoise color options
- Heat welding structure to provide strength
- Packing Standard –50 piece
- Export Oriented cartoon packing
